to better understand their business and respond to their needs.*

LINE REPRESENTED

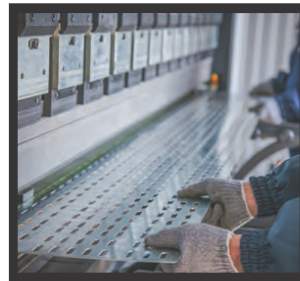

Precision Tooling / Wire Cut / Laser Cut / CNC Machining

CNC capabilities include Wire Cut, Super Drill, Turning & 3-5 Axis Machining. Design & Fabrication, Jigs, Fixtures & Precision tools.

We can also support 3D Laser Scanning and Reverse Engineering support services.

ISO 9001 certified.

Sheet Metal / Progressive Stamping

Capable of supporting sheet metal fabrication through various processes such as Laser Cutting, Shearing, Bending, Stamping & Welding to produce metal components and Frame Structures for OEM and CM .

ISO 9001 certified.

Custom Wire Harness

We provide customized over-molding services, customized cable extrusion services, customized cable design services and optimized cost solutions for specific projects.

Experiences in supplying CEM/OEMs with high-profile wire harness and processed wires across different industries per UL requirement.

ISO 9001 certified.

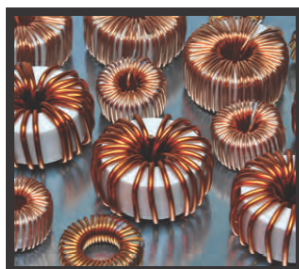

Aluminum / Stainless Steel Casting & Extrusion

World class manufacturing facility providing custom design, tool fabrication, surface finishing and value added assembly services.

Over 85% of products are exported to USA and EU.

ISO 9001 certified.

Custom Magnetic

Established since 1989. Design and manufacture customize Solenoids, Transformers, Inductors, Crossover Coils, EMC Components and Magnetics Coils. Over 70% of production throughput is exported to EU, Japan and North America.

ISO 9001 certified.

Die Casting

We manufacture die cast components for wide variety of market. Our facility features hot and cold chamber and surface finishing utilizing the latest die casting technology. 80% of business are exported to EU and US.

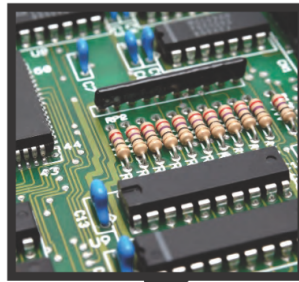

ISO 9001 certified.

Plastic Injection Molding

We provide product design, rapid prototype, high precision molds making and plastic injection production. Industry served including Automotive, Electronics, Tele-communication, Electric-Household appliance, Equipment manufacturing etc.

ISO 9001 certified.

Printed Circuit Board

Specializing in design, development and manufacture high precision double sided up to 32 layers PCB on quick turn prototype to mass production at a competitive price with manufacturing facility in Asia.

ISO 9001 and UL certified.

Custom Springs

Specializing in producing all kinds of springs - torsion springs, tension springs, compression springs, flat spring, battery contact, power spring and shaped springs, etc.

Products are widely used in the production of automobiles, motorcycles, electronics, machinery, sporting goods, equipment and toys and other fields.

ISO 9001 certified.

Custom Battery Pack

Specializing in custom Lithium-ion & Lithium polymer batteries packing and power banks.

All products includes are UL, CE, RoHS and SGS certified. Capable of providing R&D support for lithium battery.

ISO 9001 certified.

Brass Threaded Inserts

Kentnut Thread Technology utilize self-clinching, broaching, flaring, surface mount, or weld technology to provide strong, reusable, and permanent threads and mounting points in thin sheet metal or P.C. board materials.

Our products adhere to the same standards as other competing brands. With the same form, fit and function as our competitors, there are no design changes required.

ISO 9001 certified.

ESD Packaging Supplies

Dedicated to providing solutions for your ESD packaging requirements at market leading prices with guaranteed on time delivery. In addition we offer complete product customization based on your unique needs.

ELECTRONIC COMPONENTS

ABOUT US

Kentzy International, Inc. (Kentzy), headquarter in Allen, Texas is a fast leading independent component distributor in supporting OEM's and CEM's globally. Kentzy's extensive product line and supply chain solutions have made the company the distributor of choice for industrial military, aerospace and consumer electronic manufacturers worldwide.

As a premier ISO 9001 certified global supply chain partner, Kentzy provides solutions that increase our net profit while reducing your risk in global electronic component distribution. We truly understand the importance of communication. Our efficient and effective communication with clients and suppliers has historically fostered great benefits and success. With over 30 years of combined experience, Kentzy is confident in delivering exceptional sourcing services at competitive prices.

WHY US

OVER 30 YEARS COMBINED SOURCING EXPERIENCE

COMPETITIVE PRICING

ELECTRICAL & MECHANICAL ENGINEERING SERVICES TO ASSIST CUSTOMERS

ON TIME DELIVERY & STOCKING PROGRAM AT TEXAS WAREHOUSE

HYBRID DISTRIBUTION PROCESS

AS A HYBRID DISTRIBUTOR, WE OFFER:

- Reliable supply of original manufacturer products
- Ability to buy in manufacturer's base currency, result in lower costing
- Ability to buy from most cost effective regions worldwide
- Competitive pricing with MOQ flexibility
- Value added services
- Local support for customer service

It is very important for our clients to understand that distribution is virtually a two-way street. Kentzy believe successful trading flows in both directions. Kentzy assumes a central role in the procurement and marketing of electronic components.

WHAT WE PROVIDE

PROCUREMENT

We have the optimal sourcing solution to locate and deliver the correct parts to our customers in a timely manner with competitive pricing

SHORTAGE MANAGEMENT

With our quick response to all inquiries, highly trained sourcing team and experience in global logistics, we can eliminate the shortage situations and deliver the solutions you require

EXCESS MANAGEMENT

Our knowledge of the global market and extensive experience provide the basis for a speedy and reliable sale of your excess inventory

DESIGN & ENGINEERING

Our expertise and experience accumulated over the years allow us to act as your manufacturer liaison to manage product sourcing

VENDOR TAIL MANAGEMENT

Increase the efficiency among the supply chain as we provide a one-stop shop solution with multiple services to our clients, saving their time and money

QUALITY ASSURANCE

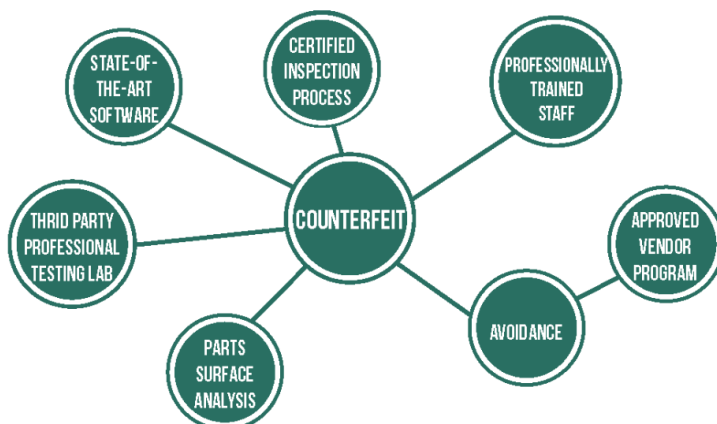

All of the quality inspections are conducted by our expert staff. With the execution basing on our standard quality control protocol compliance to ISO, it allows us to eliminate the risk of selling counterfeit products to our clients effectively

QUALITY ASSURANCE

To remain as a leader in today's distribution environment, it is critical that Kentzy focus on the quality that our customers have come to expect. Our QC inspection ensures that all Packaging, Labels and Components match with the Original Manufacturer specifications.

We execute a series of standard procedures during the inspection process to uphold the authenticity of these parts. All inspections will be performed either in Kentzy Lab or third party professional testing house. The series of procedures executed are as follows:

Quality Laboratory

State-of-the-art quality/inspection on-site laboratory. This ESD certified facility is staffed by highly trained technicians and quality management staff.

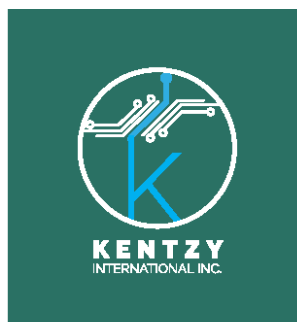

Certified Inspection

All Kentzy inspection processes are documented and filed in standardized procedures for future auditing purposes. Manufacturing COC is always available upon client's request.

Professionally Trained Staff

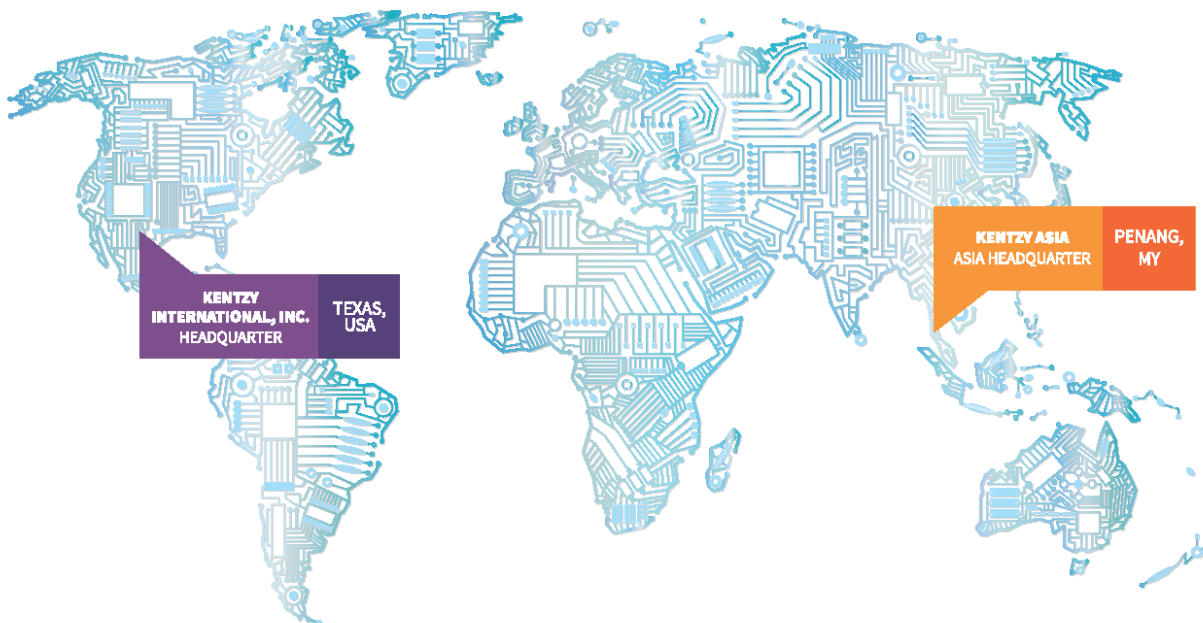

Kentzy's staff is highly trained in counterfeit avoidance, documentaton, ESD, and operation of our equipment related to testing and value added services.

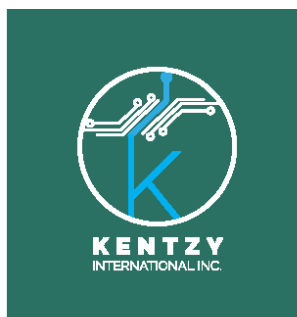

Third party test lab including decapsulation, x-ray, electrical test and functional test.

LINE CARD

Kentzy offers distinct pricing advantage on our strongly supported product lines listed below:

EASY SHIELD

Easy-Shield is proud to be recognized as one of the leading distributors of Electrostatic Discharge Bags "ESD" and Moisture Barrier Bags "MBB". We have over 20 years of experience in the distribution and selling of ESD bags. In addition we offer complete product customization based on your unique needs.

We are dedicated to providing solutions for your packaging requirements at market leading prices with guaranteed on time delivery. Easy-Shield is a division of Kentzy International, Inc. (Kentzy).

We serve several industries including Electronics & Computer, Semiconductor and Packaging Industry. Our products include:

- Static Shielding Bag Zipper
- Moisture Barrier Bag Zipper
- Aluminium Bag Zipper
- Metalized Barrier Bag Zipper
- PU & PE Foam
